FLY FISHING 

## DEYOUNG

Whether he's fly fishing in Montana, Alaska or the Florida Keys, renowned contemporary artist Derek DeYoung captures the beauty of his adventures in his rich, colorful and sought after paintings. "When painting fish, I try to capture all the intricacies they possess; their scales, patterns, dimension and texture. When chest deep in a river, I'm not just chasing fish, I'm searching for a magical experience or vision that will inspire me, and raise my paintings to a higher level."

Say no to bugs. UV Insect Shield® BUFF® headwear makes relentlessly sunny and buggy conditions manageable. We started with a wicking and quick-drying fabric that blocks up to 95 percent of harmful rays, and then treated it with Insect Shield®, an odorless insect repellent formula that lasts up to 70 washes. The performance fabric is also antimicrobial and odor controlling.		<ul style="list-style-type: none"> <li>• Coolmax® Extreme Fabric</li> <li>• Built-in Insect Shield® Protection™</li> <li>• Repels mosquitoes, ticks, ants, flies, chiggers and midges</li> <li>• UV Protection</li> <li>• Polygiene® Odor Control</li> <li>• Moisture Management</li> <li>• Wind Resistant</li> <li>• Dries Quickly</li> <li>• 100% Seamless</li> </ul>

## UV HEADBANDS

Some summer activities call for a shorter, lighter version of BUFF® headwear. These headbands provide all the UV protection and moisture wicking properties of our full-length products, in a size that's perfect for summer hikes and runs. The UV Headband collection keeps hair controlled and wicks away perspiration to make outdoor sports more enjoyable.

## COLD WEATHER

As those who live in northern latitudes know all too well, the advent of spring doesn't necessarily mean the end of cooler temperatures. BUFF® products for colder weather offer extra warmth for frosty mornings, cool evenings and high-altitude adventures. Extra insulation means extra coziness with this versatile headwear.
